

LOUISIANA NATURAL AND SCENIC RIVERS SYSTEM

PERMIT APPLICATIONPermit # 918 (Assigned by Department)

The Louisiana Department of Wildlife and Fisheries' Scenic Rivers program is authorized by LRS title 56, Chapter 9 Part II. This law requires permits authorizing activities in or affecting rivers that have been designated by the Louisiana Legislature as Natural and Scenic. Information provided on this form will be used in evaluating the application for a permit. Information in this application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary, however, the data requested are necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.

APPLICANT INFORMATION

Name of Applicant <u>Douglas E Finley</u>	Name of Agent (if any)
Address <u>127 Galvin's Creek Rd</u>	Address
Address	Address
City, State, Zip <u>Jena LA 71342</u>	City, State, Zip
Phone <u>318 316 4139</u>	Phone

DESCRIPTION OF THE PROPOSED ACTIVITY

Brief summary of the description and purpose of the proposed activity (details to be attached as a separate document) <u>TO run a power line over trout creek to get power for house.</u>
Is any portion of the activity complete? YES <input checked="" type="radio"/> (If yes indicate month and year of completion)

LOCATION OF PROPOSED ACTIVITY

Stream Name <u>Trout Creek</u>	Names, Addresses, Phone Numbers of Adjacent Property Owners
Parish <u>LaSalle</u>	<u>Blondie & Judy Francis</u>
Section <u>5</u>	<u>318 9922400</u>
Township <u>7</u>	
Range <u>2</u>	
Latitude/Longitude	

ENVIRONMENTAL ASSESSMENT

Must be a separate document. See the attached instruction sheet for completing the assessment.

CONFIRMATION OF INFORMATION ACCURACY

Application is hereby made for a Scenic River Use Permit to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that, to the best of my knowledge and belief, such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities, or I am acting as the duly authorized agent of the applicant.

DEPARTMENT OF WILDLIFE AND FISHERIES

ROBERT J. BARHAM
SECRETARY

Dear Scenic River Permit Applicant:

Please review and concur on the following statement regarding the issuance of permits by the Louisiana Department of Wildlife and Fisheries. This agreement must be signed and returned before a Scenic River Permit can be issued.

"I have been advised and do understand that by applying for and accepting a Scenic Rivers permit issued by the Louisiana Department of Wildlife and Fisheries, I am being allowed to engage in an activity which would otherwise be prohibited by law or for which a permit is required. I understand that the permit is not a license and confers no property right upon me. I specifically agree to abide by all State and Federal fish and wildlife laws and regulations, and all State and Federal laws and regulations which relate to this permit or the permitted activity, and by all other terms and conditions of this permit. I understand that the permit for which I am applying may be suspended, annulled, withdrawn or revoked and that I may be assessed civil penalties, all in accordance with the provision of the Louisiana Administrative Procedure Act, and that I may be denied future permits as a consequence of my failure to fully and completely comply with the terms and conditions of the permit, as well as other laws and regulations pertinent thereto. If served with or notified of a cease and desist order signed by the Scenic Rivers Administrator, I agree to immediately and without delay cease all activities and operations which relate to the permitted activity or which are impacting the Scenic River, until such time as the matter can be resolved in an adjudicatory hearing pursuant to the Louisiana Administrative Procedure Act. I understand and agree that any permit issued to me by the Louisiana Department of Wildlife and Fisheries is in the nature of a privilege which is being voluntarily extended to me by the Department and the failure on my part to cooperate with the Department can result in the loss of the privilege conferred and the denial of future requests for permits. By accepting this permit, I evidence my agreement to be bound by all conditions and stipulations set forth herein."

Permit Application

1. Description: I am having a power line run over Trout Creek to get electricity to my house site.
2. See attached maps
3. See attached Photos
4. There are no other permits required for this project.
5. Environmental Assessment:
 - a. Existing land use: My project will not cause an adverse effect on the existing land use.
 - b. Historical/Archeological sites: This is not a historical/archeological site.
 - c. Economic Impact: There will be no adverse effect on the area economy because of my project.
 - d. Wilderness/Rural Quality: We will clear a 15 foot area from the existing road for Entergy to place the utility poles. This will not affect the creek quality. Lines will be run above the bridge.
 - e. Scenic/Aesthetic Value: My project will not cause an adverse effect on the scenic value of the area. Other than some trees being cleared, we will actually be cleaning up the long neglected area along the creek bed since our family will be living there.
 - f. Recreational Use/Opportunities: My project will not effect the recreational use or opportunities in the area.
 - g. Ecological Systems Present: My project will not disrupt any present ecological systems in the area.
 - h. Fish and Wildlife: My project will not disrupt any aspect of the fish or wildlife in the area.
 - i. Botanical Elements (vegetation): There will be no adverse effect of vegetation from my project at the creek site. The cut trees will be on the right-of-way's obtained from private land owners and RMS.
 - j. Geological Features: My project will not cause an adverse effect on the geological features of the proposed area.
 - k. Hydrological Features: The lines are above ground: there will be no adverse effect to the creek bed or water flow.
 - l. Water Quality/Quantity: There will be no adverse effect of the water quantity or quality.
6. See enclosed legal agreement
7. I have never been cited for a violation of the Scenic River Act.
8. I have met with Entergy to survey the area. The power line will be run above and alongside a present bridge. The only clearing of trees will be on private property for the right-of-way. I do not foresee any activity that will contribute to erosion.
9. There are no alternatives to the proposed project.
